

## First Announcement

«The 25th International Baltic Conference of Engineering Materials & Tribology» – **BALTMATRIB 2016**, continues the tradition of the previous regular meeting by addressing the core fundamentals as well as timely topics on the leading edges of materials engineering and tribology.

The Conference will consist of keynote lectures, as well as oral and poster contributions. A student speech contest will be held during the conference. This contest will be supported by the Latvian Materials Research Society which will provide prizes for the 3 best presentations.

The peer-reviewed and accepted manuscripts will be published by the Trans Tech Publications in the online access journal «Key Engineering Materials».
